A combination of Traditional
Luxury and High-Tech Design

**INERTIA
PLUS**

Patented Inertia Plus™ Bolt System

Always In Battery, Always Ready To Perform

US PATENT 9.995.542 - the Inertia Plus™ bolt is only available from RETAY. Its been called the most significant advancement in the inertia action in 50 years! Inertia Plus™ actively rotates the bolt head into battery and keeps it there; every time, under all conditions.
No More Click. No More Missed Opportunities.

Barrel

Precision Monoblock barrel with less recoil and homogeneous patterning

The Masai Mara Shotguns Feature Marabored™ Barrel Technology Monoblock Bohler Steel, Precision drilled and chrome lined, with dimensions optimized for superior patterns.

MARABOREDBARREL™

**Removable
Ejector**

Patented Dynamic Ejector
Ejects A Broader Range
Of Ammunition More Effectively

The Masai Mara's Patented ejector is more efficient at clearing spent shells of all sizes because it cambers to clear the bolt as the action cycles. The ejector is removable for easy cleaning and is milled from steel for superior resistance to wear.

Precision Drilled Bohler Antinit Barrels
Superior Patterning, Accurate Shot
Placement and Less Muzzle Rise

The precision drilled Marabored™ barrel is designed to shoot comfortably and pattern superbly with both light and heavy loads.
Better pattern quality, consistent pattern distribution and efficiency are achieved through a combination of extended forcing cone and optimized bore diameter.
