# THE NEW LOOK OF **PERFORMANCE**

## Masai Mara

Purpose built for the dedicated waterfowl hunter and designed to perform even in the most extreme conditions.

**RETAY**

**INERTIA  
PLUS™**

**Patented Inertia Plus™ Bolt System**  
**Always In Battery, Always Ready To Perform**

US PATENT 9.995.542 - the Inertia Plus™ bolt is only available from RETAY. Its been called the most significant advancement in the inertia action in 50 years! Inertia Plus™ actively rotates the bolt head into battery and keeps it there; every time, under all conditions. No More Click. No More Missed Opportunities.

**Oversized Controllers**  
**Easy To Operate Even When Wet or With Gloves On**  
Milled aluminium and just the right size to make operating your shotgun comfortable even with cold wet hands.

**Push Button Removable Trigger Group**  
**Quick and Easy Cleaning Even In The Field**

The Masai Mara's proprietary Removable Trigger System is a revolution in gun safety and maintenance.

- Milled from block aluminium and so simple to assemble and disassemble without the need for tools.
- Simply push and remove the trigger group for quick and easy cleaning and safer gun storage.

**Removable  
Ejector**

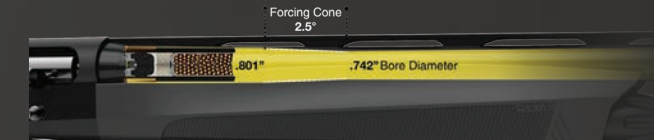

**Patented Dynamic Ejector**  
**Ejects A Broader Range  
Of Ammunition More Effectively**

The Masai Mara's Patented ejector is more efficient at clearing spent shells of all sizes because it cambers to clear the bolt as the action cycles. The ejector is removable for easy cleaning and is milled from steel for superior resistance to wear.

**Precision Drilled Bohler Antinit Barrels**  
**Superior Patterning, Accurate Shot  
Placement and Less Muzzle Rise**

The precision drilled Marabored™ barrel is designed to shoot comfortably and pattern superbly with both light and heavy loads. Better pattern quality, consistent pattern distribution and efficiency are achieved through a combination of extended forcing cone and optimized bore diameter.

**MARAPRO CHOKE**
