

CO<sub>2</sub> Power

# RETAY PM49

CAL. 4,5mm

# RETAY

## OPERATION

### BEFORE SHOOTING

Press the button and remove the magazine.

Using a hex key, unscrew the magazine cap counterclockwise.

1. Turn the magazine cap counterclockwise and insert the CO<sub>2</sub> cartridge into the magazine. Quickly tighten screw A clockwise to pierce the cartridge inside the magazine.

2. Insert the CO<sub>2</sub> cartridge into the magazine by tightening the cap clockwise to pierce the cartridge.

3. Pull the magazine follower down.

4. Load BB pellets into the magazine.

5. For better performance, load BB pellets one by one.

6. Maximum magazine capacity: 18 BB pellets.

## SHOOTING

1. Insert fully loaded magazine in the airgun until you hear the sound of "CLICK".

2. Aim the target and pull the trigger.

CAUTION: Release all of the gas in the magazine when it will not use in long-term period.

## SAFETY

SAFETY ON

SAFETY OFF

## BREAK DOWN FAQ

1. Bad quality BB is the main reason to cause BB jam. Please use high quality BB avoid jamming problem.

2. When BB jamming, first please release the magazine from pistol then use a soft stick (diameter no bigger than 4.4mm) to clear up the barrel.

3. Please avoid dry firing, for it could cause parts deformed or damage.

4. Pulling trigger will load BB in the barrel. Therefore, please do not pull the trigger half way and release the trigger. This action could load 2 BBs in the pistol and cause jamming.

5. Please spray lubricant (with silicone oil type) at firing pin and trigger pin after a certain of use, pictures shown.

# ! WARNING

## READ THIS OWNER'S MANUAL COMPLETELY

This airgun is intended for recreational or training purposes. To prevent improper handling, modification or alteration causing malfunction or accident, please read the owner's manual carefully. Enjoy the pleasant shooting experience by proper operation.

1. Do not put your finger on the trigger except shooting.
2. Please choose safe and proper target.
3. Please always keep the airgun on safe and unloaded when not using.
4. Like all mechanical devices, an airgun safety could fail. Always handle the airgun safely even when the safety is "on safe". Never point the airgun at any people.
5. To avoid ricochet. Never shoot at a hard or flat surface or at water.
6. Keep the airgun out of reach for children.
7. Your backstop should be inspected for wear before and after each use. Discontinue use of the backstop if surface shows signs of failure or ricochet.
8. Only use high quality 4.5mm steel BBs. Never use (1) BB diameter larger than 6 mm (2) BB with unsmoothed surface (3) reused BB that has been fired (4) incorrect projectiles not design for this airgun.
9. Do not expose CO2 cartridges to heat or store them at temperatures above 50°C (122° F). CO2 cartridges may over heat or explode at temperatures above 50°C (122° F). CO2 cartridges may over heat or explode at temperatures above 50°C (122° F).
10. Check any gun that has been dropped to ensure that its function has not been affected.

★ Always wear eye protection when using airgun.

★ Read the owner's manual before using the airgun.

★ Never brandish or aiming this airgun at any people or animals. Brandish this airgun in public is dangerous and may be a crime.

★ Always be aware of your surrounding before and during shooting and select a safe area for target practice.

★ When in public, always carry the airgun in a locked carrying case or bag. Make sure it is unloaded and on safe.

★ To Avoid accidental discharge, do not look directly into the barrel.

★ Disassemble, modify, or alter of your airgun may cause malfunction, revoke your warranty, make it unsafe to use and even break the law.

## SERIES PARTS LIST

NO	NUIT
